

Guiding questions for planning phase

1. What exactly should the result look like?
2. What difficulties are there in putting the ideas into practice? What can you do to overcome difficulties? Where do the drafts have to be changed or adapted?
3. What basic conditions would have to change in order to make the future plans come true? How can these be changed?
4. Which steps and measures are necessary to realize the project?
5. By when should individual steps be completed?
6. Do you need money to implement the project? If so, how much do you need and where can you get it from? Who's taking care of it?
7. What alternative solutions ("Plan B") are there for the individual steps?
8. Where do you still lack knowledge or skills for realization and how could you obtain them?
9. Who are possible cooperation partners?
